Subject: Transient Meter Application – 4904 Griggs Rd, Houston, TX 77021

Dear City of Houston

The United States Environmental Protection Agency (USEPA) is conducting an emergency cleanup action at 4904 Griggs Rd., Houston, TX 77021 to protect the citizens of City of Houston from hazardous substances located within containers located on the site. In order to conduct this activity, a consistent source of potable water is needed for cleaning of the containers and other items prior to disposal. This action is being conducted in coordination with the City of Houston and the Texas Commission on Environmental Quality.

A meter deposit will be provided by my contractor, CB&I Federal Services, to compensate the City should the meter be lost or stolen. When the meter is returned, the deposit will be returned to the address below.

As this action is being done to protect the citizens of the City of Houston from potential exposures to hazardous chemical, the EPA nor its contractors will be paying for water usage as was previously agreed. The EPA will record the water usage to account for its use as requested by the City of Houston.

The EPA Contractor conducting the action is:
